DEPARTMENT OF ENERGY

[Project No. 2744-043]

North East Wisconsin Hydro, LLC;

Notice of Availability of Environmental Assessment

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission (Commission or FERC) regulations, 18 CFR Part 380 (Order No. 486, 52 Fed. Reg. 47897), the Office of Energy Projects has reviewed the application for a new license for the 4.348-megawatt Menominee and Park Mill Hydroelectric Project (FERC Project No. 2744-043) and has prepared a single environmental assessment (EA). The project consists of two developments (Menominee and Park Mill) located on the Menominee River in Menominee County, Michigan, and Marinette County, Wisconsin.

In the EA, Commission staff analyzes the potential environmental effects of relicensing the project and concludes that issuing a new license for the project, with appropriate environmental measures, would not constitute a major federal action significantly affecting the quality of the human environment.

A copy of the EA is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's website at www.ferc.gov using the eLibrary link. Enter the docket number, excluding the last three digits, in the docket number field to access the document.
